

To Whom It May Concern:

It is with pleasure that I recommend Aaron Bolduc for your internship program. I have known Aaron for three years in my capacity as his Information Technology & Networking Instructor at Blackstone Valley Technical High School. In this context, I can vouch for his consistently brilliant vocational performance and dedicated attitude to his trade.

He has been placed in the topmost performing students in his class. He is intelligent, inquisitive and constantly seeking to gain in-depth knowledge of his trade and with his determination and hard work I have no doubt that he will succeed in all his endeavors. Mr. Bolduc strong belief in his ability to acquire new skills and knowledge while improve through practice was likely shaped by his years as a baseball player. He's played all through high school on a travel team and is one of the team's most valuable players. His teamwork skills really shine through in the classroom when it comes to working with younger students and assisting fellow classmates on day to day projects.

During his freshmen/ sophomore years, Aaron received his Industry level PC Pro Certification in PC Hardware and software which then prepared him to receive his CompTIA A+ Certification Junior year. Once he received these certifications, he continued expanding his knowledge of the trade by working on his Cisco 1 & 2 coursework which led to him obtaining his Cisco CCENT Certification. This technical knowledge gives him many options when venturing into his post Grad opportunities.

Seeing Mr. Bolduc transition from a high school student to a young man eager to learn in the field has been an amazing process. He has proved his motivation and determination to excel at anything he puts his mind too. The intelligence and professionalism he displays both in and out of the classroom I believe will make him a great fit for your internship.

Aaron is a trustworthy, reliable, good-humored student and friend who supports others in and out of the classroom. He is a pleasure to have in class, and his positive attitude and belief in himself, even in the face of difficulty, is an immensely admirable asset. I'm confident that he will continue to demonstrate the same diligence, perseverance, and optimism that he has showed myself and his peers in any future endeavors. I highly recommend Aaron for internship program. Please feel free to contact me with any further questions at [kcunning@valleytech.k12.ma.us](mailto:kcunning@valleytech.k12.ma.us).

Sincerely,
